

## **Supplier Diversity**

AmerisourceBergen® Corporation is committed to promoting the inclusion of, and providing opportunities for, small, minority owned, women owned, disabled owned, and veteran owned businesses.

We seek to place optimum procurement dollar with these businesses, pursuant to customer contractual and regulatory requirements.

We recognize that these businesses represent the backbone of our economy and are the source of future business innovations.

Although more than 98% of our spend is on the direct purchase of pharmaceutical products and supplies based upon customer orders, and guided by federal and state regulatory requirements, we have developed programs, with strong CEO sponsorship, to promote the inclusion and success of these businesses.

To that end we are committed to:

Enabling business relationships with AmerisourceBergen

Furthering the understanding of Pharmaceutical Distribution

Providing business mentoring to promote business success

Working with the other companies and organizations to share best practices
